d. The number of sections should be determined on the basis of wer work needed and not by political and personal considerations. Each section should be headed by a section chief determined by the body of representatives who would work only in this specific field. He should recruit new co-workers especially from the young generation who with the passage of time would become members of the representative body after taking the cath of allegiance.

Each delegate should automatically lose his office if he was unable to furnish evidence of his activity after one year's time. 4. Regarding the Lausman case, the group believes that he was abducted and rejects other views by other groups, stating that these views promote the Communist case. The group is pronouncedly anti-German. 25X1 25X1 the group definitely rejects any rearming of West Germany and recognition of its sovereignty. 6. Regarding Slovakia, the group calls for a uniform Czechoslovakia and also demands the formation of a uniform Czechoslovakiam people, rejecting any kind of autonomy and demanding the complete blending of the Slovak people into the Czech people. The foreign political platform counts on a Polish-Czech rapprochement 25X1 Comment. The group apparently is an action steered by Titoist-Communist groups. Its anti-German tendency is obvious and is in line with the policy of Polish émigré and Communist groups. 25X1
